Art. 3. To see if the Town will vote to authorize and instruct its Selectmen to establish and promulgate the following ordinance; to wit—Anyone found invading or trespassing upon the property or privacy of another, contrary to the wishes of that other, shall be fined not less than twenty dollars ($20.00) and not more than fifty dollars ($50.00).

Art. 4. To see if the Town will vote to authorize and instruct its Selectmen to open, lay out, and otherwise make passable to through vehicular traffic that portion of Park Street, so-called, which was closed by vote of the Town in 1889, as recorded in the Town Clerk's records.

Art. 5. To see if the Town will vote to take by right of eminent domain, or otherwise acquire as circumstances may require; and for such purpose raise and appropriate the sum of one hundred dollars ($100.00), or such money as is necessary; that portion of the land of the Pittsfield Academy lying southwesterly of the northeasterly line of the former Park Street, so-called, and extending to Main Street, meaning hereby that land which composes the southeasterly one-half of the present park and that portion of the Pittsfield Academy land which lies within the limits of the former Park Street, so-called, referred to hereinabove.

Art. 6. To see if the Town will vote to accept from the Trustees of the Pittsfield Academy such trust funds as may

be available from the proceeds of the sale of the Academy land given by James Joy; the Thomas D. Merrill fund; the Frances French fund; the Moody Kent fund; and other funds in the possession of said Academy Trustees.

Art. 7. To see if the Town will vote to authorize and instruct its Selectmen to plow out, wherever practical, the driveways of property owners who desire it during the winter; the fee to be established by the Selectmen and payable in advance.

Art. 8. To see if the Town will vote to instruct the Moderator to appoint after this meeting four persons to serve for one year, four persons to serve for three years, and four persons to serve for two years on the Budget Committee; and, at the expiration of their respective terms not to re-appoint any person until at least one year has elapsed since the expiration of his or her previous term. These twelve persons together with a representative of the School Board and a representative of the Board of Selectmen shall constitute the Budget Committee. Annually hereafter the Moderator shall appoint four persons to fill the places of the retiring members. On the death or retirement of any member during the year the Moderator shall fill the vacancy thus caused.

Art. 9. To see if the Town will vote to authorize its Selectmen to borrow money in anticipation of 1948 taxes, the same to be paid from the current year's levy.

Art. 10. To see if the Town will vote to authorize and instruct its Selectmen to open negotiations with a view to the sale of the land and buildings comprising the Town Factory, so-called, to Adams Brothers Shoe Company.

Art. 11. To see if the Town will vote to accept the following Trust Funds:

Cash on hand January, 1948	$14,107.22

VICTOR E. TRACE,
Town Treasurer.

A LITTLE FLAME IS A DANGEROUS THING.

NEW CONSTRUCTION

$2,000.00 was available for sidewalk construction and it was decided to expend this money under the direction of our Road Agent, rather than contracting the work at a fixed price per square yard. 167 tons of asphalt mix were purchased and 1485 square yards of sidewalk laid at a cost of $1.35 per square yard for a total expenditure of $2,002.92.

$2,700.00 was available for construction on Watson and Page Streets and stabilizing the northerly shoulder of River Road from the Catholic Church to Lyford Hill Road. Abutting property owners were very co-operative in establishing the new side lines of Watson and Page Streets. This work was done in conjunction with T. R. A. and grading and placing the gravel were completed this year. The balance of $406.82 will provide for reshaping and tarring next spring.

The T. R. A. fund of $3,261.90 was spent on Tilton Hill and again abuttors were most co-operative in helping us improve the alignment and grade. It is hoped that sufficient funds will be available next year to complete a section from the foot of the steep grade just below the William Dodge place to the Gordon Eager place.

A CALL IN TIME MAY SAVE YOUR HOUSE.

HIGHWAY MAINTENANCE

	Appropriated	Expended
Tarring streets	$2,000.00	$2,357.68
Summer maintenance	5,000.00	4,150.49
Winter maintenance	4,500.00	3,598.44
General expenses	3,000.00	3,939.58
	$14,500.00	$14,041.19
Balance		$458.81

Routine maintenance on the 38 miles of roads taken care of by the town cost $11,683.51 for an average cost of $307 per mile. Our tarred roads, 4.27 miles in all, were retreated at a cost of $2,357.68 for an average cost of $500 per mile.

Very little gravel patching was done until the T. R. A. crew was assembled. We then used 1711 cubic yards of gravel in resurfacing some of our worst roads. 186 feet of metal pipe were laid by hand but the 72 feet of 30 concrete and 64 feet of 36 inch concrete were laid with a power shovel. In controlling the roadside growth an attempt was made to cut everything that could still be moved, either by hand or with a power mower. Much of our roadside growth needs axe work for removal. The immediate problem facing our town is the removal of undesirable roadside growth and widening of our roadways to permit proper drainage and snow removal.

OUR HILLS LOOK BETTER IN GREEN THAN BLACK.

Report of the Trust Funds of the town of Pittsfield, N. H. on December 31, 1947

LIBRARY REPORT FOR 1947

The Trustees of the Carpenter Public Library submit the following report for 1947. Our activities this past year have been to improve our library along the following lines:

1. The floors have been sanded, refinished and waxed.
2. We have put rubber mats down in front of the stacks in the main room.

3. We have purchased new chairs for the main room. The old ones were far from being adequate with the wear they are getting now.

4. The venetian blinds have been put in the main room and reading rooms. This was done for several reasons, the main ones of course, for improved lighting, for neatness in appearance and lower maintenance costs.

5. The old, iron, circular stairway leading to the basement has been removed, being replaced with a new, modern and safe stairs.

6. Our librarian, for many years, has been working for a salary which is far from being adequate for what she does. She has been faithful, worked hard and helped to improve our library along many lines. The board has voted to raise her salary to $100 a month, effective January 1, 1948.

What we have done may seem little indeed, but it has proved expensive. We feel that the public as a whole will enjoy and benefit from these improvements. We know that the public has benefited from the new heating equipment which was purchased last year.

1. Our aims for the next year will be to have the exterior and the interior refinished.

2. The lighting in the library is very inadequate. It seems to the board that our young people, who use the library for study purposes, would benefit immeasurely by the improvement of lighting conditions. We would like to replace the present system with the fluorescent type, giving more and better light at less cost, thus saving of eye strain.

3. Something permanent must be done to our floors. It will soon be necessary to lay a new floor or provide a proper floor covering, such as tile. The present floors have been refinished for the last time.

4. Our book problem must also be considered. The price of books has tripled in the last year and we have not been able to purchase as many books as we should; we hope this year that our appropriations will be such that we can afford more.

Among the accredited libraries of New Hampshire ours ranks fourth in neatness and appearance. Let us keep it that way and make it better all the time.

We wish to express our sympathy in the passing of one of our town's leading and important men, George F. Mitchell.

F. W. REED,
SYBIL G. PEASE,
CLARICE J. CONSTANT,

REPORT OF THE TOWN TREE WARDEN

The sum of one thousand dollars was allocated at town meeting to protect and improve Pittsfield's parks and shade trees. The care of these trees was entrusted to your tree warden. While pursuing this work council has been taken with the State Forester and the Board of Selectmen and suggestions that were in the best interests of the Town have been acted upon.

Competent tree climbers have been difficult to find, but with such willing help as was available much pruning has been done. A number of guy wires have been installed; the young trees have been pruned, painted and fertilized; those which were damaged by careless passersby have been attended to, and where braces were necessary these have been installed. Where the Maple borer has been working, there Botox has been used; while all the trees within the village limits, including those within the confines of the parks, school yards and cemeteries, have been sprayed.

This year four more maple trees were set out thus bringing to 299 the number of these trees planted since 1925.

Recommendations

Every one knows it is impossible to destroy all of the insects in any one year, although there were a lot destroyed as is evidenced by a comparison of Pittsfield's trees with those in towns not sprayed. There has been a lot of unsightly fall web-worm. It is claimed at the University of New Hampshire that they do little harm as they come late whn the leaves are tough and about ready to drop. If we want to destroy these web-worms the trees will have to be sprayed about the middle of July. The undersigned believes that if we want to save our trees they should be sprayed in 1948. There should be some old trees removed and others set in their places. There remains a lot more dead limbs to be removed. A lot more could be said regarding the care and saving of our trees. Remember this, anyone can destroy a tree but only God can make one grow.

Need I point out that Pittsfield wouldn't be Pittsfield without its shade trees. The standard of our community is reflected in its trees. Our trees are honorable citizens, let us respect them as such.

Respectfully submitted,

FRANK T. GARLAND,
Town Tree Warden.

PITTSFIELD
MERRIMACK

REPORT OF TOWN FORESTRY COMMITTEE

The town of Pittsfield owns four separate tracts of forest land containing, in all, approximately 60 acres. These are to wit: the Dr. F. H. Sargent tract, the Pest House tract, the Dustin-Barker tract and the F. P. Green tract. The three lots first mentioned were examined by your committee and the selectmen during the past year and it was unanimously agreed that there is a worthwhile stand of fast-growing pine on these lots; that a vast improvement is apparent where the trees have been pruned; and further that Blister Rust is taking a heavy toll of our pines, especially on the Dustin-Barker lot.

Recommendations

The trees on these tracts should be pruned for two reasons: First, to promote faster growth; and second, to improve the quality of lumber to be cut in future years. Weeding out is necessary to help the pines; and, last but not least, considerable work is necessary to eliminate Blister Rust. The urgent necessity of eradicating this costly disease in our native pine is driven home when we consider that the annual cut of pine through the last nine years has averaged 243,696,000 board feet as compared with 102,500,000, the annual average from 1925 to 1937. These figures indicate the great benefit to be derived by this town if only these pine lots are taken care of properly. Pine though it is New Hampshire's most common tree is still its most valuable timber asset.

The only money appropriated last year, 1947, for the forestry program, however, was the $400.00 Blister Rust Control Appropriation. This amount was combined with State funds for the same purpose and expended as follows:

Town Funds expended	$367.40
Co-operative Funds:	
Eradication	663.59
Mapping	47.20
Total	$1,068.19
Area covered	1,864 acres
Currant and Gooseberry bushes destroyed,	10,070

FRANK T. GARLAND,
IRA H. WHITE,
Town Forestry Committee.

FOREST FIRE WARDEN'S REPORT

To the Taxpayers of Pittsfield:

I submit the following report:

The year 1947 was the worst year in the history of New Hampshire where forest fires are concerned. Many towns and cities had severe fires resulting in the loss of irreplacable wealth. Field land, forests and in some instances whole villages were completely wiped out. These fires cost thousands of dollars to bring under control. Pittsfield was fortunate, we had only one bad fire last year. To bring this fire under control cost our town two thousand dollars in man-hours alone to say nothing of the thousands of dollars lost in growth on the hills over which this fire raged.

This fire, however, served to point up the sad lack of suitable equipment with which to fight a forest fire in Pittsfield. We need two portable pumps and several thousand feet of forest fire hose as well as other pieces of fire fighting equipment for this type of fire. The fire hazard in the township of Pittsfield is critical in the extreme and if a fire should start with the proper wind conditions I fear for the safety of our village. It happened in Rochester and it could happen here. One portable pump is not enough. These pumps can be used also outside the village for farm-building fires where water supplies are always limited. We need them for more adequate protection of our farm properties.

I wish also to extend my appreciation to all the townspeople for their fine co-operation during the fire ban last fall.

F. W. REED,
Warden.

HOLD THAT MATCH.

REPORT OF FIRE DEPARTMENT

The department answered 48 alarms during the year. This figure included both still and bell calls. Most of our alarms come through the box at the telephone office. It is absolutely essential that those who call in this manner give the operator the correct location of the fire.

During 1947 Engine No. 4 was placed in operation. This is equipped with a 50 foot extension ladder sufficiently long to give access to any roof in town. This piece of apparatus insures greater protection for our most valuable properties.

Throughout the emergency period of the fall of 1947 when the surrounding towns were calling for aid, we answered all calls wherever and whenever possible. In return they stood ready to come to our aid should the need arise.

The sub-zero weather of the winter brought our most unfortunate calls. We had a series of large fires under the most difficult circumstances,—two of them within two hours of the same night. Our hats are off to the Red Cross and especially to Rev. Leonard Edwards and James C. McQuesten who showed up at all fires with hot coffee and assisted in other ways. Thanks are due also to Fred W. Reed, who, even at the expense of business, has at all times placed his tank trucks at the department's disposal. Except for his assistance we would not have saved such property as we did at the Briggs fire.

The distances to many of our large estates situated beyond water limits have been measured and we now have a record of the exact amount of hose necessary to reach a given location.

This year we have answered many calls for assistance at building fires in surrounding towns. We do this on a reciprocal mutual aid plan. We are pleased that we are able to help others and we know that they will return the favor when necessary. The Barnstead Department always stands by while we are fighting a serious blaze. The department called them for the Briggs fire and we thank Chief Canfield and his men for their response. They are workers all!

Some method should be worked out for clearing the fire hydrants during the winter months. Our Department being volunteer it is difficult to get men to shovel who know the

locations. In some communities this work is divided one-third to the Fire Department, one-third to the Highway crews and one-third to the water company. Some similar method should be adopted here.

Edward H. Burnham is attached to the Department as a special police officer. At any fire he has the authority of a regular officer. Follow his directions for safety and the greater efficiency of the Department. We are pleased to have his assistance. At the same time we regret the loss of Deputy Chief George A. Brousseau who was forced by ill health to resign January 1st, may a speedy recovery put him back on the active list soon.

All replacement costs have rocketed 30 per cent and more as has fuel and other costs. This makes necessary the allocation of more money for the proper functioning of the Department. But every penny spent brings back five in decreased insurance premiums and fewer property losses.

Signed,

PHILIP W. SHERBURNE,
Chief.

CLARENCE E. ROBIE,
Deputy.

BAND CONCERTS

Pittsfield has been fortunate for the past eleven years in having its own band. Organized by its present leader, George E. Freese, Jr., in 1937, this musical unit has steadily grown in popularity as well as membership.

Rehearsals are held weekly in their practice room at the Globe Mfg. Co., usually starting in the early spring and continuing throughout the summer. An accurate record of attendance is kept at these practices, and this record is used in determining the eligibility of each member for a trip, which the band takes each year.

During the 1947 concert season, the Pittsfield Boys' Band inaugurated a new request system, which was enthusiastically accepted. Also new last season was the community singing, and musical frolic, which brought added interest and laughter to all who atetnded.

Record crowds flocked to these summer concerts last year, and much favorable comment has been noted from summer residents as well as from our own townspeople on the splendid job our home town boys are doing. Like Christmas lighting in the holiday season this aggregation of talented young people is one of Pittsfield's most memorable advertisements.

DOUBLE YOUR CAUTION ON ICE AND IN FOG.

REPORT OF POLICE DEPARTMENT

1947

In accordance with the desire of the Townspeople the operation of the Police Department has been modified and improved over what it has been in the past. Acting under orders from the Board of Selectmen the officers of the Department have patrolled the streets and by-ways of the Town each night. Doors of all the business houses are tried each night for security. Places of amusement are visited several times during their busy hours. All fire calls are answered with the Fire Department after five in the afternoon.

On special holidays extra officers have been needed and they have been put on duty at strategic spots to assure better protection of persons and property. During the fire ban period the Halloween holiday was especially hazardous and the Department wishes to express its sincere appreciation for the fine co-operation and assistance given by the members of the Fire Department. Thanks are also due the State Police Department for valuable assistance rendered on request, needless to say our Department stands ready to repay these assists in kind whenever it is possible for it to do so.

The installation of a silent call system will improve the functioning of the Department but it cannot remove the difficulties of protecting the outlying areas of the town or of answering distant calls when patroling on foot. To date therefore the real benefit of the work of the Department is felt only in the two sections of town which comprise our business district. Better means of travel seems to be the only solution to this problem.

The following is a record of accomplishment for the year ending December 31, 1947, taken from the files of the Department at the Town Hall:

Court sessions	17
Fines imposed by court	15
Prisoners detained	7
Calls answered	137
Trips to House of Correction	3
Trips to State Hospital	2
Trips to Margaret Pillsbury	1
Search warrants executed	2

Writs served	11
Doors of business houses found open after hours and reported	7
Keys found in locks and returned	3
Miles traveled in line of duty	539

Respectfully submitted,

STEVEN A. DAVIS,
CLEON R. PLANTE,
Police Officers of Pittsfield.

REPORT OF AUDITORS

We hereby certify that we have examined the accounts of the Town Clerk, Town Treasurer, Selectmen, Tax Collector, Overseer of the Poor, Trustees of Trust Funds, Library Trustees and Forest Fire Warden of the Town of Pittsfield for the fiscal year ending December 31, 1947, and find them correctly cast and properly vouched. Cash in hands of Town Treasurer as per bank balance, $14,107.09.

(Signed)

COURTLAND L. PAIGE,
PHILIP W. SHERBURNE,
PAUL E. BREWSTER,
Auditors.

YOU KNOW WHERE YOU'RE GOING, BUT DOES THE OTHER FELLOW?

PERAMBULATION REPORT

November 8, 1947.

Know Ye by The Presents:

That this day, Saturday, November 8, 1947, the Selectmen of Pittsfield, Samuel W. Marston, Chairman; Elwin B. Hodgins, and E. Harold Young, in company with the Selectmen of Barnstead, John Emerson, Chairman; and Frank Holmes, guide, perambulated the Barnstead-Pittsfield town line.

Beginning at a point marked by a stone two feet high near a wire fence at the foot of a 10-inch pine, 20 feet southwest of a 24 inch pine on the brow of a hill near the edge of a ledge approximately 400 yards southeast of Adams Pond, the line courses through the middle of Adams Pond in a northwesterly direction. This first marker blazed in 1856, 1890, 1884, 1917, 1940 and in 1947 has the letter "S" and 1947 painted in red paint. It is also the corner stone of the Counties of Merrimack, Strafford and Belknap.

Go around Adams Pond to a point opposite on the northwesterly end of the Pond and walk northwesterly approximately three-quarters of a mile, this course will take you over a ridge sparcely wooded with gray birch, bushes and twenty-year-old pines; about fifty yards from a brook running west at the beginning of a swamp a 15 inch pine constitutes the second marker on this line. It is blazed with a "B" on its easterly side as you approach it.

Return to the Old Province Road and continue toward the Iron Bridge crossing the Suncook river, turn off the Province Road onto the Merrill Road, so-called, to the left. Follow the Merrill Road until you come to some very noticeable shagbark hickory trees on the left, continue on through a sand flat at the farther edge of which is the Rural Electrification Association's pole No. 3/60 (three over sixty); from this pole the wires swing directly across the travelled way. Where these wires intersect the opposite ditch there is an outcropping of rock directly at the end of a stone wall which may be seen disappearing into the woodland on the northwesterly side of the road. This outcropping of rock is marked with an X 1898, 1910, 1926, 1933 and 47. This is the third marker on this line.

Mid way between the Merrill Road and the Roland Smith Road there is a decaying bull pine which bears the marks of many perambulations. Due to its unsound condition it was thought best to abondon this mark.

After blazing the third marker referred to above return to the Province Road and proceed as before toward the Iron Bridge crossing the Suncook River and turn again to your left on the road which leads to the Roland Smith farm and the old Maxfield place. Pass through the woods on either side of the travelled way and at the edge of the woods at the end of the stone wall on the northwesterly side is a gray granite boulder, moss grown with a bastard grain. It is marked X and 1906, 1926, 1940 and 47. This is the fourth marker on this line,—not counting the abandoned tree which lay to the left of this road directly along the stone wall on the southeasterly side. From this point in the road when standing in the middle of it you can just see the top of the Smith house, almost due west over a low ridge.

Return to the Province Road and cross the river, turn left and proceed along Route 28. Approximately a hundred yards east of Edward Gray's house the line crosses Route 28 at right angles. This marker is a concrete diamond-pointed post maintained by the State at the end of a stone wall on the right hand side of Route 28 as you proceed toward Pittsfield village. This is the fifth marker on this line. From this point the line courses along the stone wall and emerges at the north end of the cement bridge on the Pittsfield-Laconia road, Route 107, at the farther end of the Pittsfield town dump.

Proceed along Route 107 to the first left hand road leading to Shaw Pond, otherwise known as Lily Lake; the line crosses this road at the lowest point in this little valley and bisect Shaw Pond continuing northwesterly. Turn right on the road at the Ashley farm which runs along the crest of the watershed of Shaw Pond, cross the brook at the foot of the pitch—this brook is sometimes referred to as Kelley Brook and is the outlet of Shaw Pond. Enter the field on the right hand of the road and follow the fence and stone wall, pass a lone pine and go through a barway. At this point take a bearing and lay your course north-northeast. Go approximately three hundred yards on boggy ground at which point there is an arm of the meadow about fifty feet wide filled with high-growing slough grass, cross this directly and turn right on the rising ground. At the far south-

easterly end of this tiny peninsula the observer may look directly down the valley across the middle of Shaw Pond. At this point he will be within a few feet of a gray granite boulder about two and a half cubic yards of which protrudes above the ground. The sharp topmost edge of this large stone runs southeast-northwest and coincides with the town line at this point. This stone is marked with an X and 1905, 1912, 1933, 1940. 1947 is blazed on the westerly side of the upper slope. This is the seventh marker on this line.

Return to the road and proceed to a barway which gives upon a field road running to a sand pit. Drive past the sand pit and through a field into a second field of smaller size. Enter the woods at a point in the farther right hand corner. Proceed in a northeasterly direction going down grade to a natural dike which crosses a small valley. At the easterly end of this dike alter course to the left about thirty degrees and climb a rather steep pitch to a wire fence. At this point there is a beech tree about 12 inches in diameter and about ten feet beyond the fence, which courses southeast-northwest. A broad arrow pointing southeast is blazed on the southwest side of the beech tree. From this point the observer may see the sharp line of a clearing in some fifty year old growth to the northwest; the cut over area is in Barnstead, the thick stand of tall growth in Pittsfield. This is the eighth marker on this line.

The last marker is situated in the pasture-land of the Montgomery property, otherwise known as the Diamond Slash ranch, this marker is the corner stone for the lines of Pittsfield, Barnstead and Loudon respectively. Diligent effort on the part of the perambulating party failed to turn up this marker. After several hours of fruitless search it was agreed by both Boards to return in the spring and re-establish its location and install a suitable permanent monument.

It was further agreed that all markers which were not fixed stones of such size as to make their obliteration almost impossible would be removed for accessibility to intersecting roads.

Respectfully submitted,

SAMUEL W. MARSTON,
For Pittsfield.

JOHN EMERSON,
For Barnstead.

REPORT OF PROGRESS

After nearly forty years the book for which E. P. Sanderson set aside $5,000.00 in his will is systematically approaching completion. Since last March when the project came into my hands I have interviewed thirty-five or forty persons whose memory is long and filled with interesting bits of information on the human side of life in Pittsfield. I have read and sifted the information contained in over two thousand pages of manuscript diaries, town records, day books of various businesses, ledgers and other records of professional men who practiced in the environs of our Town. Files of old newspapers have also been a source reflecting the life of our community in its middle and later years.

In search of these people and papers I have traveled in excess of 1200 miles.

Much more work is waiting to be done before the research and compilation is completed but it is hoped that before another year rolls around the volume will be well on its way through the printers.

The big question which can only be answered by your interest is how many copies to print. The business of distribution is the problem of your Town Officers. The book will sell for five dollars, more or less, depending on various factors of production. By using the attached memo and remitting to the Town Treasurer two dollars and fifty cents as a part payment (the balance to be due on delivery), the number of copies to be ordered printed can be estimated more accurately.

E. HAROLD YOUNG.

(b) Report of the Superintendent

As I prepare my annual report, I remind myself, as I should like to remind you, that this is a report of YOUR public schools, a vital part of our way of life. They must be maintained at a high level of operation and efficiency if we are to produce the educated, intelligent electorate so essential to the preservation of our democracy. The fact that our area is typical of 80% of our country should show us that we cannot relax and rely on the large centers of population to produce our future leadership.

I. PROBLEMS AND CONDITIONS GENERAL TO THE UNION

Teachers:

Acquiring and maintaining a superior faculty continues to be the most pressing problem. At no time this year have all of the children in this Union been under the direction of regularly assigned teachers. Some students have had as many as four different teachers. Twenty-seven new teachers of fifty-five in the Union were needed for the opening of schools this past fall. Six additional vacancies have occurred during the school year. Three additional teachers were required to meet increased enrollments.

Despite the fact that the average district in this Union raised its teachers an average of four hundred dollars over a year ago, several very fine teachers were lost to schools, both in and out of New Hampshire, paying four to six hundred dollars more than was offered in this area. The continued inflationary trend has tended to offset this increase which seemed such a forward step a year ago.

The shortage of teachers continues. New Hampshire institutions will graduate 167 teachers in June and, at this time, 197 vacancies are known. Fortunately, teachers do not seek salaries alone. With your help in providing adequate housing facilities, in making teachers feel that they are welcome members of the community, and by supplying them with equipment and pleasant places in which to work, we have been able to secure for your children a fine corps of teachers. Mothers' Clubs have helped materially. Interested parents mean a great deal to any teacher. In several cases, former teachers have returned to help keep your

schools operating. It is to be hoped that this fine group of teachers can be retained for another year.

Buildings:

During the past year all districts have made some strides in repairing and painting buildings neglected during the war years. In two districts all class-rooms were redecorated. Some floors were re-surfaced. New heating units were installed in two schools. Two districts provided additional space. Four districts began to replace poor lighting and one other district is prepared to start its program this year.

School Lunches:

Five of the six districts in this Union have Hot Lunch Programs in operation. In one district this was made possible through the Mothers' Clubs soliciting six hundred dollars for permanent equipment.

Text Books:

Text books, worn and outdated, since they could not be replaced during the war years, are rapidly being discarded as new text books can be selected and secured.

Transportation:

While transportation is being provided for all children legally entitled to receive it, only one new vehicle was secured during the entire year. However, of the twenty-eight vehicles operating, only two can be considered to be substandard, and both of these are operating on routes over which it would be impractical to place better equipment so long as the roads are as bad as they are.

Recommendations:

School Boards must continue to be provided with adequate funds to attract qualified and capable teachers if instructional standards are to be kept high.

Parents and interested citizens must continue to press for state and federal legislation in behalf of the schools.

Desirable living quarters must continue to be made available to teachers.

Minor repairs must continue to be made to restore long neglected buildings to protect the buildings, as well as the health and safety of the children.

Transportation facilities should be improved when equipment becomes available.

II. OUR LOCAL SITUATION

Teachers:

With the additional funds provided, it was possible to secure a splendid corps of teachers for your children. While some are without experience, all are devoting untold hours to giving your children the best instruction within their ability.

The generous help of citizens in making living quarters available was no small factor in obtaining several teachers.

The reception by the Mothers' Council, the friendly co-operation of parents and citizens have helped encourage your teachers to do their best. No district has surpassed Pittsfield in making the teachers feel a part of the community and offering them real encouragement.

Buildings:

All of the rooms and hallways of the Memorial School were painted in new pastel shades. A room on the first floor, previously used for storage, was renovated and equipped with modern lighting and put into use as an additional class-room. Toilet facilities on the first floor have been relocated and improved. Additional units are being installed on the main floor. Overloaded electrical circuits and the increased lighting necessitated the replacing of existing entrance switches and wires.

At the Grammar School, several fire preventive measures were taken, including some rewiring and shielding of the furnace. The large room on the second floor has been abandoned and the ceiling in the room below has been strengthened.

The High School roof was repaired to prevent ice from backing up and leaking through. Two hatches were provided for entrances to the roof in case of fire. Four rooms have been painted. All trim on the building was given two coats of paint. Improved electrical wiring has been begun in the revamped shop. A modern sound system has been installed in the auditorium which should add to the pleasure of our audiences at school affairs as well as provide the pupils with a new form of educational equipment.

Lunch Room:

A hot lunch program in the High School, which seemed at first to be an almost impossible project, is in operation, this being accomplished by the worthy effort of a group of

mothers and the generous contributions of many townsfolk, and co-operation of certain merchants in obtaining the necessary equipment.

Instruction:

Improved techniques of teaching have been under study by all teachers and those deemed desirable are being adopted. The moving-picture machine has been in use and other audio-visual aids are gradually being introduced.

To the School Board, Mothers' Clubs, parents, interested citizens and teachers, I should like to express my appreciation for their co-operation and encouragement.

YOU KNOW WHERE YOU'RE GOING, BUT DOES THE OTHER FELLOW?

PART II. INSTRUCTION

A. Teachers as of February 1, 1948

Teacher	Position	Salary	Enrollment
High:			
Paul K. Prescott	Headmaster	$3,600	240
Chellis Carville	Music (grades 1 - 12)	2,200	
Bettina Dalton	Social Studies	2,400	
Kenneth Devine	English	2,200	
George Guenard	Science	2,000	
Emelyn Krause	Home Economics	2,200	
John McKiernan	English—High and Junior High	2,200

Number 8 to 14 not in school	1	
Number 14 to 16 not in school	6	
Total number of children not in some school		30

PART V. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. Report of the Headmaster, P. K. Prescott

September, 1947 to February, 1948

The Pittsfield High School was most fortunate in being able to open in September with a full staff of competent teachers, especially in view of the continuing shortage of qualified teachers. It has been a pleasure to work with this group who have so enthusiastically given of their time, effort, and co-operation. The staff has been greatly pleased and encouraged by the friendly welcome the people of the town have given them. The splendid co-operation of the townspeople in finding living quarters for the teachers was particularly heartening.

No school can remain static. We feel that some forward steps have been taken, but we also realize that some of our efforts have met with little success and that much remains to be done. We here list and briefly describe some projects and changes undertaken by the school this year.

I. An Extension of the Non-Athletic Extra-Curricular Program

(A) The School Paper

The continuation of the "Pittsfield Pepper" has been undertaken by the Journalism Club. A Photo-Offset process has been used to print the paper, resulting in an improved appearance. Much enthusiasm has been aroused among the student body for this project.

(B) The formation of *a Photography Club* has enlisted the interest of a large number of students. A well equipped dark room has been established for the use of the student photographers and is used every afternoon.

(C) *A Dramatics Club* has been formed with a large number of students engaging in play acting, stage designing and management, and in the study of dramatics.

(D) Upon request of a number of students who are interested in post secondary school education, a *College Club* has been formed. The purpose of this club is to study the

possibilities for higher education and to help prepare for further schooling. Various trips and discussions will be a part of the year's program.

(E) Devotees of outdoor sports have joined together to form the *Outing Club.* This group is sponsoring the skating rink in Berry Park, and is engaging in a variety of outdoor sporting events.

(F) A number of Junior and Senior boys are learning the skills involved in handling our visual aid equipment. They have formed themselves into the *Projection Club.*

(G) Another group of pupils are learning various types of handicrafts in the newly formed *Hobby Craft Club.* So far, those people have worked mostly with plastics and leather.

All the foregoing activities are conducted during the so-called *Activity Period.* This period is made available, during the school day, twice a week by the rearrangement of the daily schedule.

II. Athletic Activities

This year has been no great departure from the usual pattern of athletics. We competed at the Deerfield Fair in both baseball and boys' and girls' track, winning both the baseball and the track. Our fall girls' volleyball team won the League Championship. Our boys' Cross Country team competed in a number of meets, but did not have too successful a season from the standpoint of winning. At present, both our girls' and boys' basketball teams appear to be having a most successful season.

To help support athletics in this school, a *Varsity Club* has been formed. Membership in this club is open to any boy or girl who has won his or her varsity letter in any inter-scholastic sport. This club conducted a very successful County Fair, the purpose of which was to raise funds for our Athletic Program.

III. Miscellaeous Activities

(A) The Hot Lunch Program.

Probably the main accomplishment of the year will be the Hot Lunch Program. At the present time 180 students

are being served daily. To our Mothers' clubs goes most of the credit for this accomplishment. They sponsored the project and raised a large amount of money for the purchase of necessary equipment. Many other persons contributed of their time and efforts in building lunchroom tables, helping secure equipment, and so forth. To all those who so unselfishly helped, the students of the school wish to express their appreciation.

(B) A new stage curtain, purchased from student funds, was recently erected.

(C) Because of the poor acoustics of the auditorium, a new public address system was purchased and permanently installed. It is believed that this will add greatly to audience enjoyment in the auditorium.

(D) The purchase of a combination radio-phonograph, record cutter and public address machine has proven to be a very valuable aid to our total educational program. This is being used in speech classes, for music appreciation, and for listening to educational broadcast programs.

(E) A large moving picture screen has been purchased and installed on the stage. This is of a size suitable for the auditorium and will be an improvement in our visual aid program.

There are a number of additional projects which we hope to have completed by the end of the present school year. Material has been ordered for the making of drapes for all the auditorium windows. These drapes will improve the looks of the auditorium, will serve as black-out curtains for moving picture projection, and will improve the acoustics of the auditorium. A number of mothers have offered to help the Home Economics Department in making these drapes.

Material has been ordered and plans are under way for the building of new lockers for both the girls' and boys' locker rooms. These lockers are to be equipped with combination padlocks.

Our Shop Department, Home Economics, and the Dramatics Club are working together to improve the facilities of the stage for dramatic productions. Plans have been

made for the construction of modern scenery, for arranging more adequate lighting, and for the more efficient use of the new public address system.

Respectfully submitted,

PAUL K. PRESCOTT,
Headmaster.

B. School Health

Report of School Nurse, Doris H. Drolet, R. N.

From July 1, 1946 to June 30, 1947

Number of visits to schools	518
Number of children examined by nurse	1,337
Number of children given class-room inspection	494
Number of children excluded from school	9
Number of children treated at tonsil clinic	3
Number of children accompanied to oculist and optometrist	20
Number of interviews with parents	181
Number of treatments in school	422
Number of treatments in home	133
Number of children attending orthopedic clinic	1
Number of children attending toxoid clinic	69
Number of children given T. B. skin test	181
Number of children X-rayed (chest)	10
Time given school work (half days)	135

		Affected	Corrected	Under treatment
Underweight (10 per cent)		7	1	4
Defective vision		27	47	0
Defective hearing		7	2	1
Defective teeth		318	152	0
Temporary	92			
Permanent	226			
Enlarged Tonsils		30	6	0
Orthopedic		3	1	2
Posture		12	3	4

Cases of Communicable Diseases

Chicken pox	17	Whooping cough	2
Mumps	4	Infantile paralysis	1
Scarlet fever	11	Pediculosis	6
Measles	1		

Only three children attended the tonsil clinic, as we had poliomyelitis in the state and the tonsil clinics were postponed. The State Board of Health nurse, assisted by our local doctors held two toxoid clinics during the year and sixty-nine school and preschool children attended the clinic. During the year twenty children have been taken to oculists and optometrists to have their vision corrected. The most of the children found with defective hearing have had medical care or are under treatment. The T. B. skin test was given to 181 children and ten of the children reacted to the test and were X-rayed, but with no defects. These tests were given through the N. H. T. B. Association under the supervision of their nurse. We plan, in the coming year, to do more for the children in regard to dental work. The milk lunch is a great help to the children. We have had an epidemic of grippe during the year, but very few communicable diseases. We wish to express our appreciation to parents, teachers, school officials, and different organizations for their kind co-operation with the school health programs.

C. Drake Field

Report of the Directors of the Playground for 1947

The Drake Field Playground opened June 30 under the supervision of Miss Norma Moulton and Mr. James T. Kelley. Attendance was somewhat retarded during the initial week due to various church summer schools being in session. After this week, however, the boys and girls of all ages began to pour in. It was decided early in the summer that the equipment on hand was inadequate to supply the number of participants. The supervisors were instructed to purchase such equipment as they deemed necessary. During the course of the summer, approximately $150 was spent to supplement the equipment on hand. Baseballs, softballs, badminton sets, bats, games and various other items were brought in.

An older boys' baseball team and a younger boys' softball team were organized. A number of games were played with Camp Kawaukee both at Drake Field and at the camp.

The playground closed the third week in August with a field day meet. Competition was keen in all sporting events, and a grand time was enjoyed bv all. The day closed with a masquerade of the younger children under the management of Miss Moulton.

The supervisors wish to express their gratitude to the citizens of Pittsfield for their interest and co-operation. We sincerely hope that you will find it possible to allot more financial aid next year in order to purchase still more needed equipment.

Respectfully submitted,

JAMES T. KELLEY.

YOU ARE LICENSED TO DRIVE, NOT KILL.

PART VII. WARRANT OF SCHOOL DISTRICT MEETING

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Pittsfield, N. H., qualified to vote in the district affairs:

You are hereby notified to meet in the Greenleaf Auditorium in the High School building in said district on the 20th day of March, at 2:00 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the ensuing year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.

6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.

8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.

9. To see if the district will vote to raise and appropriate the sum of fifteen hundred dollars ($1500) for the purchase of new equipment.

10. To transact any other business that may legally come before said meeting.

Given under our hands at said Pittsfield this 23rd day of February, 1948.

(Signed)
EDMOND J. STAPLETON,
RICHARD F. HERRICK,
GEORGE E. FREESE, JR.,
School Board.

A true copy of Warrant—Attest:

HOLD THAT MATCH.

A LITTLE FLAME IS A DANGEROUS THING.

OUR HILLS LOOK BETTER IN GREEN
THAN BLACK
